Education

University of North Carolina at Charlotte — Charlotte, NC
M.S. Computer Science – Focus: AI & Machine Learning — *Jan 2025 – Dec 2027; 3.50/4.00 GPA*

University of North Carolina at Charlotte — Charlotte, NC
B.S. Computer Science, Minor in Mathematics — *Aug 2022 – Dec 2025; 3.49/4.00 GPA*

Technical Skills

AI & Frameworks: LangChain, ChromaDB, Prompt Engineering, PyTorch, TensorFlow, Keras, OpenCV, POML
Languages: Python, Java, C/C++, C#, JavaScript, R, SQL
Data & ML Pipelines: NumPy, pandas, Matplotlib, scikit-learn, Apache Spark, RAG Architectures
Tools & Practices: Git/GitHub, Docker, AWS, PowerBI, Streamlit, API Integrations, Agile, Scrum

Projects

NotebookLM Clone | *Python, LangChain, ChromaDB, RAG, Streamlit* — Jan 2025 – Present

- Built a Retrieval-Augmented Generation (RAG) application enabling dynamic document parsing and interactive query answering.
- Integrated LangChain for text chunking and vector embeddings with ChromaDB for optimized similarity search and context retrieval.
- Designed an intuitive Streamlit interface facilitating end-to-end user document ingestion and fluid AI conversation workflows.
- github.com/dmangames1941/ITCS_5010_NotebookLM_Clone

Command Line Interface Assistant (CLIA) | *Python, APIs, Streamlit* — Aug – Dec 2024

- Developed an intelligent data query assistant designed to process structured and unstructured lab and clinical datasets.
- Engineered modular backend logic to handle data ingestion, automated validation checks, and rapid query execution.
- Constructed an interactive operational dashboard to streamline information retrieval for user decision-making.
- github.com/dmangames1941/ITCS5010_Group_Project_2_CLIA

Experience

Academy Sports & Outdoors — Kannapolis, NC
Sales Associate - Footwear — *July 2026 – Present*

- Engage directly with diverse customers to identify needs, recommend tailored products, and operate digital touch-screen tools.
- Collaborate with cross-departmental teams in a fast-paced environment to resolve inventory and operational challenges.

QuikTrip — Concord, NC
Part-Time Store Clerk — *Jun 2023 – Aug 2025*

- Maintained exact accuracy in high-volume financial transactions and inventory accounting under strict timelines.
- Communicated complex policies and product details effectively to resolve customer issues rapidly.

Student Involvement

Charlotte AI Research — Charlotte, NC
University of North Carolina at Charlotte — *Spring 2023 – Present*

- Engage in technical discussions on cutting-edge AI architectures, modern RAG systems, and practical ML deployment.

Association for Computing Machinery (ACM) — Charlotte, NC
University of North Carolina at Charlotte — *Spring 2023 – Present*

- Participate in technical workshops and collaborate with peers on software engineering projects in Agile environments.
